### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

### ***Allowable Subject Matter***

3. Claims 1-4, 7, 14-17, 19-21, 23-26, and 28-62 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Regarding claims 1-4, 7, 14-17, 19-21, 23-26, and 28-62, could not find any art to teach or fairly suggest comparing the updated signature profile to the plurality of pre-existing signature profiles to determine whether the updated signature profile exceeds a threshold correlation with at least one of the other pre-existing signature profiles, and

combining the updated signature profile with a most correlated pre-existing viewing signature profile if the correlation threshold was exceeded. The closest art found, Zigmond (6,698,020), teaches selecting the pre-existing signature profile having highest correlation value over the correlation threshold, and updating selected pre-existing signature profile to include the session profile. Zigmond does not teach, or suggest, that suggest comparing the updated signature profile to the plurality of pre-existing signature profiles to determine whether the updated signature profile exceeds a threshold correlation with at least one of the other pre-existing signature profiles, and combining the updated signature profile with a most correlated pre-existing viewing signature profile if the correlation threshold was exceeded.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
